

Lt. Col. Wendell D. Brady, Commander.

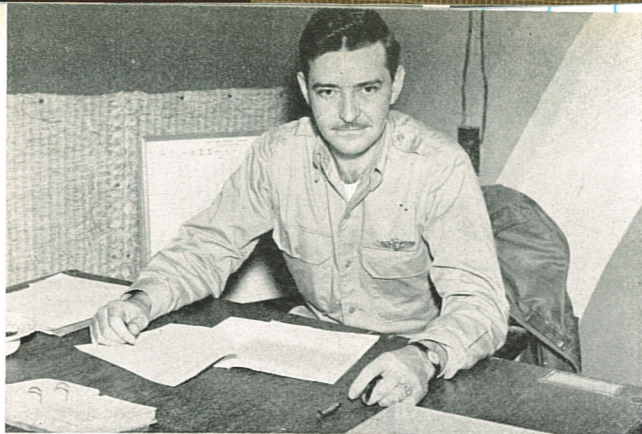

THE FABULOUS ROCKETEERS . . . The mission of the 336th Fighter Interceptor Squadron in the Korean theatre of action is to help gain and maintain air superiority over North Korea; to provide escort or cover for United Nations air, sea, or ground forces, and finally to provide air defense. As a member of the fighter interceptor trio which have proven their mastery of aerial combat, the 336th Fighter Interceptor Squadron has destroyed over 110 enemy aircraft, probably destroyed more than 20, and damaged more than 115. This squadron produced three jet aces in the Korean action.
